Preface

AssalamualaikumWarahmatullahi Wabarakatuh

Various efforts continue to be made by Universitas Airlangga to boost the university towards the Top 500 World Class University (WCU). These efforts are fully supported by all Universitas Airlangga academics, including those at the Faculty of Nursing (FKp) Universitas Airlangga. To be a world class faculty and university, synergy between all internal elements is needed. Research and publications are the main element in supporting the university to be a World Class University. This commitment is driving us to achieve the best and excellent indicators towards WCU on these two areas.

The Faculty of Nursing, Universitas Airlangga is devoted to excellence in teaching, learning, and research, and to developing leaders in many disciplines who make a difference globally. The quality and scope of the research that is undertaken across the Faculty of Nursing is immense and it's a privilege to be able to highlight some of the many exciting activities that are happening in the research and publication portfolio. In recent years, we have made tremendous achievements in the area of international publications and research grants. All of our faculty members have been published at Scopus indexed journals and some are published at the Web of Science Clarivate Analytics. In addition, some lecturers have a great number of citations as listed on Google Scholar.

The range of research activities at the Faculty of Nursing, Universitas Airlangga is board and deep. Faculty of Nursing scholars conduct research in almost every field of nursing, and seek to expand human knowledge through analysis, innovation, insight and care throughout the lifespan. It is our commitment to produce a high quality of global standard research activities and maintain a high standard of international academic research publications. Finally, I would like to express my sincere gratitude to the support of all faculty members, and I look forward to receiving any suggestions from all readers.

Thank You.

Wassalamu'alaikum warahmatullahiwabarakatuh.

Surabaya, September, 202020

Prof. Dr. Nursalam, M.Nurs (Hons)
Dean, Faculty of Nursing Universitas Airlangga
